

A PRIVILEGED LOCATION

It is no secret that the Costa del Sol has been a favourite international destination for many decades, due to its climate and easy accessibility.

Blessed with more than 320 days of sunshine per year, average temperature of 19°, and the many flight connections, it is the perfect place to establish a new home, whether as your permanent home or as your holiday home to escape the daily busy life.

JADE
2023

At Jade Tower, you will truly discover the life you deserve.

A selection of modern and smartly designed apartments of 1, 2 and 3 bedrooms, beautifully integrated within the surroundings. The properties stand out for their ample and open spaces, taking full advantage of the natural light. The concept is extended to the outdoor areas, with the large terraces to fully enjoy the Mediterranean climate and lifestyle.

We use the highest quality materials carefully selected by our team of designers. Clean lines, lacquered kitchens and the highest quality appliances.

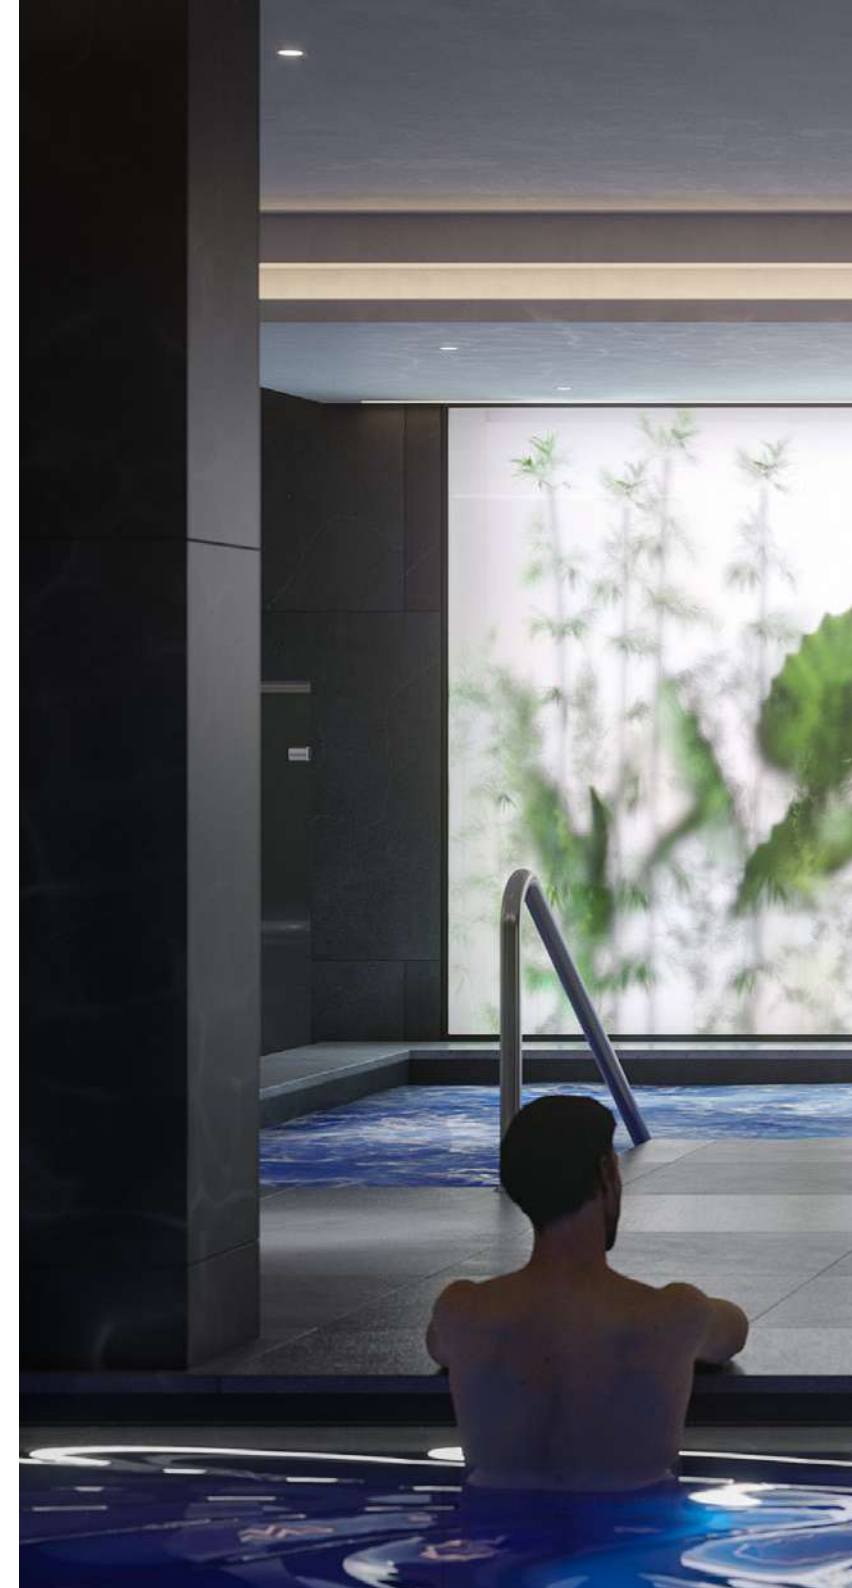

SPA

Take your body, mind and spirit on a journey at your very own Spa. Eliminate toxins.

Sauna, Turkish bath, Jacuzzi, whirlpool bath, relaxation zone and heated pool.

Jade Tower wants to bring back the original concept of thermal springs and the restful feeling that water provides through treatments such as: contrast showers (a Roman style hot-cold water therapy), water bubbling, jacuzzi colour therapy and steam baths.

As part of the Jade Tower community, using these services on a daily basis is a luxury you can now afford.

FACILITIES

A modern resort focuses on facilities to foment the community feeling and make our daily life easier. You can operate your business from the Co-Working Space, entertain guests and family at the Gastro Bar, or enjoy a movie at the Cinema room.

Jade Tower provides all you might need to be able to enjoy your new home.

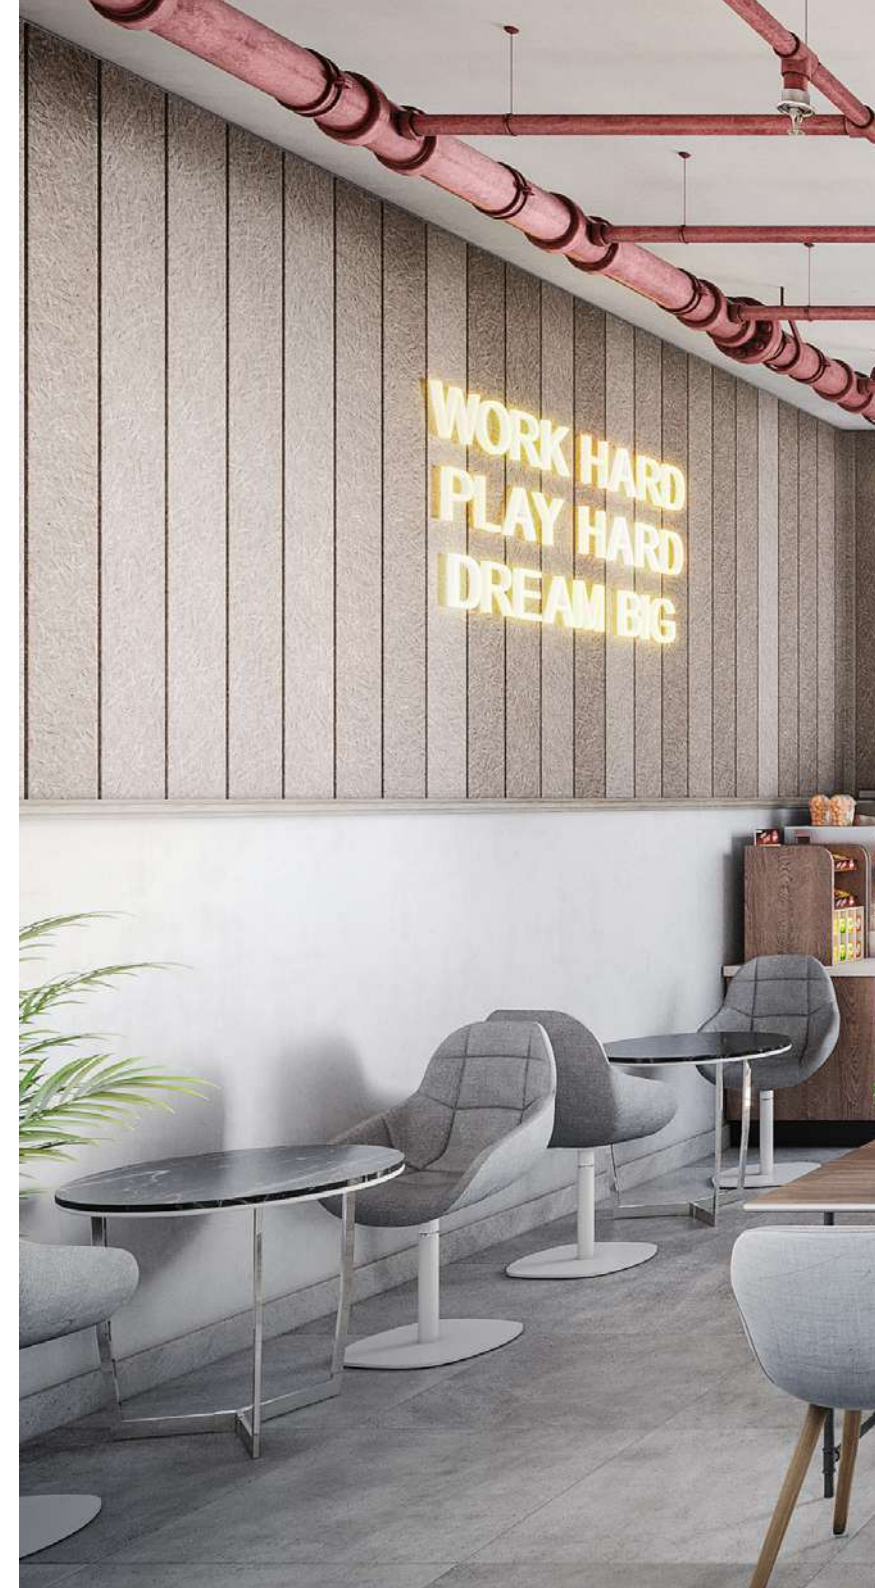

CO-WORKING

The large windows truly bring the outdoor to the indoor, as they fill the space with natural daylight and offer views of a cosy garden. Internet connection, work desks, meeting rooms, coffee and tea machines.

Here you will find everything you need to work quietly. Walls lined with sound absorbing materials and specialist lightning system to provide a relaxed working space.

The space is furnished accordingly, suitable for working independently or in small groups.
